DR. LUZ S. ALMEDA
Regional Director
Department of Education, National Capital Region
Misamis St., Bago Bantay
Quezon City

Dear Dr. Almeda:

The Philippine Normal University as the National Center for Teacher Education is conducting a research titled **"Supply and Requirements of Future Teachers in the Philippines."** The project is being funded by the Commission on Higher Education (CHED) in recognition of the importance of conducting researches that are geared toward improving the quality of education to make our country globally competitive.

The research is a pioneering effort in examining the country's supply and demand for teachers in the various fields of specialization. As we move forward to full implementation of the K to 12 Basic Education Curriculum, we need data as bases for reform initiatives for pre-service teacher education that should address to the present and future needs of basic education.

As one strand of this national research study, we are asking the school principals from all regions to fill out the survey questionnaire needed to determine the actual supply of and demand for qualified teachers in different fields of study for secondary education, both public and private. This study is designed to provide results that are representative of different regions. On the basis of the sampling frame developed, for **National Capital Region (NCR)**, school principals of **165 public secondary schools** and **72 private secondary schools** were selected as research participants. We deem that school heads have much to share in this important survey and their inputs will be very valuable.

We have communicated to the Secretary of Department of Education, **Br. Armin A. Luistro**, on our invitation for your participation in this research project.

In this regard, may I request for your endorsement to concerned **Schools Division Superintendents** for them to field the enclosed questionnaires to the **principals** of the schools included in the attached list. All expenses will be shouldered by the project.

Rest assured that the data collection process will adhere to ethical standards of research.

Should you approve your region's participation in this project, please indicate your approval in the **Consent Form**. In addition, we will be glad if you could indicate the name of Regional Research Coordinator (preferably, from Research and Evaluation Division) for

(a)

this project who will be our contact person from your region. We would appreciate if you could send back the attached Reply Form not later than **September 30, 2014** at the following contact information: email: tsrstudy@pnu.edu.ph or golla.ef@pnu,edu.ph or Fax No. 02-317-1768 local 757.

Dr. Evangeline F. Golla, the Project Leader, will soon be in contact with you regarding this invitation for participation and subsequent data collection concerns. We target to complete collection of research data on or before **October 25, 2014**. If you have any questions concerning this survey, please do not hesitate to contact the Project Leader, at the Philippine Normal University (+639175111071), (632 9666 153), golla.ef@pnu,edu.ph or tsrstudy@pnu.edu.ph

We hope for your positive response to this request. May this project open more opportunities for our institutions to strengthen partnership in research and other educational endeavors.

Thank you so much.

Very truly yours,

ESTER B. OGENA, Ph.D.
President

LIST OF SAMPLE SCHOOLS FOR THE RESEARCH STUDY
