2014 MTAP-DEPED SATURDAY MATHEMATICS PROGRAMS

The Mathematics Teachers Association of the Philippines (MTAP) will be offering the *2014 MTAP-DepEd Saturday Mathematics Programs* for regular pupils/students and for talented pupils/students.

The first program is intended for regular pupils/students. This will be conducted on six Saturdays, 8:00 a.m. to 12:00 noon from August 9 to September 13, 2014. The sessions will be for pupils/students who belong from the 25th to the 85th percentile at each grade/year level from Grade 1 to Fourth Year. A written permit from the parents is necessary.

The first program aims to:

1. provide the pupils and students the opportunity to explore Mathematics without the threat of tests;
2. review the materials covered last school year that enabled them to do well in Mathematics in the present school year; and
3. prepare the Grade 6 pupils and Fourth Year students for entrance examinations for First Year high school and college levels.

The second program is for mathematically talented pupils/students. This will be conducted on seven Saturdays, 8:00 a.m. to 12:00 noon from *October 11 to November 29, 2014, except November 1, 2014*. The sessions will be for pupils/students who belong to the top 15th percentile. The school principal shall endorse the pupils/students who wish to participate, along with a written permit from their parents/guardians.

The second program aims to:

1. prepare the Grade 6 pupils and Fourth Year students for entrance examinations for First Year high school and college levels; and
2. prepare them for the Metrobank-MTAP-DepEd Math Challenge Competition.

ANNOUNCEMENT

The 2014 MTAP-DepEd-NCR Saturday Program in Mathematics will be conducted on six (6) Saturdays from Aug.9 to Sept.13, 2014. The sessions will be for the 25th to the 85th percentile of the students at each grade/year level, Grade 1 to 4th year. A center may opt to take participants only from Grade 2 or 3. The classes will be from 8:00 to 12:00 noon. Students are required to attend in uniform and with their school ID. In case the uniform is in the wash, students may attend in their P.E uniform.

The fee of P 200 for the whole series of sessions may be paid at any of the Centers to the contact person indicated on or before August 1, Friday. Strict adherence to the deadline is necessary to prevent any disorder and waste of time in organizing classes on the first day. Drops-in disrupt classes and often make classes too big for a class. Students may choose any Center convenient for them.

The program aims at providing students the opportunity to do mathematics with some explorations without the threat of tests, giving an intensive review of the work of the previous year and the first few weeks of this year, and prepare the Grade 6 and 4th year students for entrance exams for 1st year and college respectively.
