Dear Director Almeda,

Good day!

Thank you for your enormous support to our previous projects namely – the division supervisor’s workshop, the science schools teacher seminar/workshop centering on graphic calculator and MATH OLYMPICS for MATHEMATICS TEACHERS for public sector.

As part of our intention to balance our support for both public and private secondary academe sectors, we also created a MATH TEACHERS Olympics for the private side in partnership with MTAP-NCR.

In line with this, we are again requesting for your kind consideration to help us cascade this humble endeavor to the respective private schools under your fold. Attached herewith are the official invitation and the mechanics of the competition for your reference.

In addition, we will be glad if your office can send two (2) representatives to grace and observe this special event.

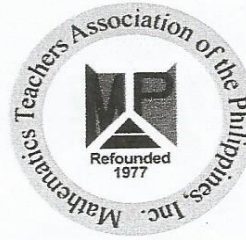

Looking forward to your continued support and making this program worthwhile.

Again, thank you very much!

Truly Yours,

Joel E. Serrano
Sales and Marketing Manager

CASIO
CALCULATORS

National
Book Store

The Mathematics Teacher Association of the Philippines (MTAP) in cooperation with Business Plus Marketing – official partner of CASIO, invites your school to send two of your best faculty members to participate in the **1st CASIO-MTAP Mathematics Olympics for Teachers** – a math competition among secondary teachers – PRIVATE SECTOR.

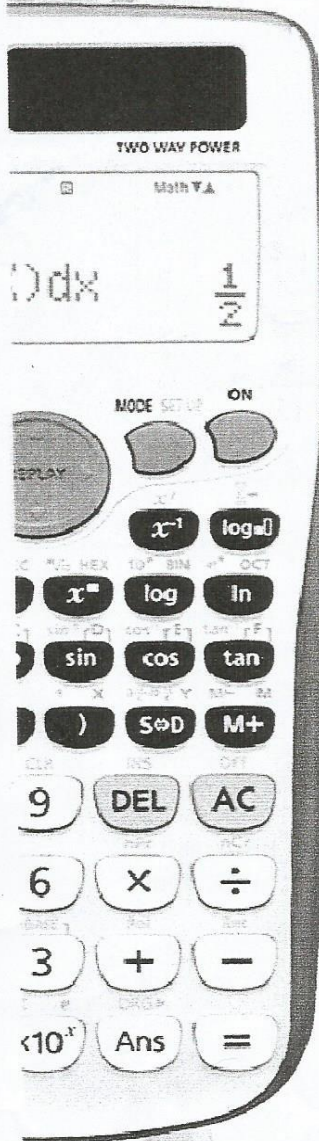

This contest is designed to select the region's best teachers in mathematical problem-solving with the aid of fx-991ES Plus CASIO calculator. Nowadays, mathematics teachers are challenged by the fast technological advances and the changing nature of the so-called i-generation students. The use of powerful and advanced calculators can be both beneficial to the teachers and students. It can provide support for teachers' development by using teaching techniques appropriate for the learners today. This competition is consistent with one of the objectives of MTAP and CASIO which is the improvement of mathematics education.

To participate, kindly ask the two faculty members to fill out a copy of the attached application form and have the accomplished form sent to us by August 9, 2014. Only two faculty members (a pair) are allowed to join per school. The application form may be sent by e-mail or fax to:

Ms. Rechilda Villame
MTAP-Private Sector
mtapncrprivate@yahoo.com
cc: marketing@mariusholdings.com
Fax# 637-6419

The competition will be held on August 16, 2014 at 10:00 am at the Conference Hall of National Bookstore Superbranch, Cubao, Quezon City

Please note that there will be **no registration fee** but the pair of contestants **must bring one fx-991ES Plus CASIO calculator**. Attached are the mechanics of the contest. For further inquiries, you may get in touch with us. Thank you very much.
