Greetings!

By: \_\_\_\_\_  
Date: OCT 20 2014 Time: \_\_\_\_\_

The **UP Geology Majors Society (UP GeMS)** from the National Institute of Geological Sciences, UP Diliman, an academic organization in pursuit of scholastic excellence and an advocate of student involvement in activities related to the protection of the environment, is celebrating its **40th Founding anniversary on February 2015**.

In line with this celebration, UP GeMS is hosting its annual **Geology Summit** at the **National Institute of Geological Sciences, UP Diliman on January 31, 2015** with the theme "**Forces of Nature: Understand. Respond. Adapt.**". The overall objective of the summit is to widen students' horizons in the field of earth sciences as it presents plenty of opportunities in the industry and the academe. Specifically, it aims to:

- Promote interest in geology among secondary school students and teachers;
- Encourage students to strive for excellence in the earth sciences; and
- Introduce geology as a future career path for high school students.

The summit will consist of the following events:

- **Geology Summit Quiz Competition:** an **Inter-High School Quiz Contest** which will cover topics under General Earth Science, Space Science, Paleontology and Current Geologic Events and Geologic Hazards;
- **E-Say It:** an **Essay-writing Contest** aimed to promote the conservation of the environment through formal written form;
- **Post It UP:** a **Poster-making Contest** designed to foster a venue for imagination, creativity and resourcefulness;
- **Capture the Nature:** a **Photography Contest** aimed to promote environmental concern through graphic representation;
- **Scrap to Craft:** a **Recycling Competition** intended to promote waste management in an inventive and creative way;
- **Speak it Out:** an **Impromptu Speech Contest** aimed to promote conservation of the environment via vocal and argumentative means; and
- **Nature's Fury:** a series of **Career Talks** composed of lectures on Geology as a career in the industry and in the academe.

In line with this, we are requesting for a Regional Memorandum or Advisory for NCR from your good office which will circulate in public and private secondary schools in Metro Manila along with an invitation to our event. If you have questions, please contact **Lemuel Mangahas** or **Ralf Grandon Dy** at mobile number **0915-405-1663** and **0917-993-1500**. You may also reach us through email at **geologysummit@gmail.com**. Attached with this letter is a brochure of the Geology Summit 2015. Thank you for your interest and support.

Respectfully yours,

Lemuel Mangahas  
Event Executive,  
Geology Summit 2015
