RE: BY INVITATION ONLY

Greetings **Mr. Ado**,

You are invited to an exclusive roundtable discussion hosted by the National Geographic Explorer. This meeting is an opportunity to share and learn the latest approaches and best practices in modern education. Also be among the first to preview the virtual Lessons HD by us.

Education is facing many challenges today, from integrating ICT to values-in-action, to creative education. But we observed that the **Student Engagement** and **Authentic learning** are two of the biggest challenges faced by our teachers today. How do we overcome these parts while delivering exciting, refreshing and stimulating lessons that engage students intellectually?

Together with the **Vice President of National Geographic Learning Dr. Francis Downey**, and the **CEO of WorldEduCorp PTE Ltd. Mr. Jim Huang**, we will share with you that our students can learn so much more with the help of the National Geographic Explorer.

The roundtable discussion will take place on **Friday, November 21, 2014 from 7:00PM – 9:00PM at the Blackboard by Chef Michael**, The Podium 5th Level, 12 ADB Ave., Ortigas Center, Mandaluyong, Metro Manila.
