METROBANK-MTAP-DEPED MATH CHALLENGE

OPERATING GUIDELINES

MMC Document No. 2

1. SCHOOL LEVEL:

1. A school is recommended to have a competition using a written exam by grade/year level prepared by the school.
2. The top three students per grade/year level who will obtain the highest scores will represent the school in the Elimination Round.

Note: The elimination round is open to ALL interested schools, both private and public. It is suggested that school districts should not conduct their own elimination to choose contestants for the whole district. This is to give each school equal chances of joining.

3. There shall be a maximum of (18) pupils for Elementary and/or (12) students for High School in every participating school, broken down as follows.

Example:	School A (Elementary)					
Grade	1	2	3	4	5	6
Number of Pupils	3	3	3	3	3	3
Total	18					

Example:	School A (High School)			
Grade/Level	7	8	9	4 th Year
Number of Pupils	3	3	3	3
Total	12			

4. All participating public and private schools are required to accomplish a one-page **Registration Form (MMC Form 1)**, a photocopy of which should be sent directly to the DepEd Division Math Supervisor in-charge on or before December 5, 2014.
5. Should there be changes in the names of the contestants of the school, the following guidelines must be implemented:
 - a. If one or two contestants are changed the Testing Center Coordinator shall allow the students to compete.
 - b. If all the contestants are replaced, the team will automatically be disqualified.
6. The school must present the original copy to the registration in-charge during the Elimination Round on **January 15, 2015 (Elementary) or January 16, 2015 (High School)**. This serves as permit in joining the competition. **"No permit, No Entry"** policy shall be implemented.
7. Online Portal and registration:
 - a. All the DepEd Divisions shall be assigned an MMC online account which the Division Math Supervisor in-charge of MMC needs to activate on or before **November 24, 2014**. The Metrobank Foundation will directly send the instructions on activation of their respective accounts to the concerned DepEd Division Math Supervisors.
 - b. The DepEd Division Math Supervisors shall then collate all MMC Form 1 submissions and accomplish the summary of participants (**MMC Form 2**) **ONLINE** indicating the testing centers

and the total number of students per grade/year per testing center through an MMC online portal on or before **December 12, 2014**. Failure to submit may be a ground for disqualification of the Division in conducting the elimination round, which is scheduled on **January 15-16, 2015**.

II. ELIMINATION ROUNDS

8. The DepEd Division Math Supervisor shall be in-charge of the preparation, implementation and documentation of the Elimination Rounds competition. He/she will also be responsible for settling all questions, including protests, which may arise in the course of the competition, or a panel of advisers may be formed by the Schools Division Superintendent.
9. The test materials shall be prepared by MTAP and transmitted through the pre-assigned Metrobank branch for each Division. The pre-assignment and matching will be done by Metrobank Foundation.
10. In case there is no Metrobank branch in the area, the test materials shall be delivered directly to the DepEd Division Office/s addressed to the Schools Division Superintendent.
11. The concerned Branch Manager or Schools Division Superintendent shall turn over the questionnaires personally to the Division Math Supervisor on **January 14, 2015** for Elementary and **January 15, 2015** for High School.
12. The Division Math Supervisor shall then turn over the questionnaires to the Testing Center Coordinators on the same dates. A certification on top of the package which contains the questionnaires will be signed by the Metrobank Branch Manager, Schools Division Superintendent, the Division Math Supervisor, and the Testing Center Coordinator to document the said turn over of test questionnaires.
13. A Division may have one or more testing centers depending on the distance between the schools, the size of the Division and the number of participating schools. It will be feasible to have one center per District for the elementary. For the High School, a cluster of towns may have one center. A cluster of City Divisions with very few High School schools may also have just one center.

Example: Suppose Division A has 20 participating schools. Then, there will be 20 x 3 or 60 students/grade level or a total of 360 pupils from Grades 1 to 6 who will take the test in the Center. If those 20 schools are very far from each other, the Division may have more than one center for them.
14. The test materials will be opened publicly by the Testing Center Coordinator just before the start of the competition at **8:00 a.m.** A short opening program may be conducted where the materials will be officially opened. A certification will be signed by the Testing Center Coordinator and selected proctors to document the proceedings.
15. In case the number of questionnaires sent is not enough, photocopying is **NOT ALLOWED**. Only pre-registered participants shall be allowed to take the test. Thus participating schools must ensure that they submitted a photocopy of their MMC Form 1 to their local DepEd Divisions and that the date encoded online (MMC Form 2) are submitted on time and accurate.
16. The Elimination Round should be held simultaneously in all regions nationwide on January 15-16, 2015 at 8:30 a.m. As agreed upon by the MMC National Steering Committee, conduct of the contest other than this schedule is not allowed.

17. The test papers will be corrected using the answer key provided. Please refer to the Guidelines in Checking the Test Papers.
18. The winners of the elimination round should be announced on the date of the competition. In case the results will not be released because of a valid reason (i.e. too many schools joined and the assigned correctors will not be able to finish checking the test papers on time), the Division Math Supervisor should announce the results on or before January 23, 2015.
19. Announcement of results of the elimination round should be formalized through the issuance of a DepEd Division memorandum circular.
20. Concerned Division Math supervisors are also required to post the results of the elimination round ONLINE via the MMC site.
21. The school scores of the whole Division per grade/year shall be ranked from highest to lowest. Please refer to the MMC Document No. 3 (Contest Mechanics) Item no. 13 for the guide in computing the total scores for participating schools.
22. The top 6 to 20 highest scoring schools qualify to participate in the **Division Team Finals** competition. The number of teams qualified to join the Division Finals is dependent on the number of participating schools in the elimination rounds. Please refer to matrix below:

Number of Participating Schools	Number of Teams to Qualify in the Division Finals	Number of Participating Schools	Number of Teams to Qualify in the Division Finals
15 or fewer	Top 6	31-35	Top 10
16-20	Top 8	36-40	Top 16
21-25	Top 10	41-45	Top 18
26-30	Top 12	46 or more	Top 20

Note: 20 is the maximum number of teams because based on experience, it is the most manageable number for an oral team competition.

23. The DepEd Math Supervisor shall submit to MTAP the **MMC Form No. 3** (summary of the number of teams which are qualified to join the Division Finals) through email at icoronel_mtaphil@yahoo.com or through fax at tel. no. (02) 912-5249. The MMC Form 3 will be sent together with the questionnaires.
24. Certificates of Merit shall be awarded to students from Grades 1 to 6 and Grade 7 to 4th Year High School who qualify under the following conditions in the Elimination Rounds based on their performance:

Rank	Grade 1 and 2	Grade 3 and 4	Grade 5 to 4 th Year
1 st Honors	For those who get 27 or more correct answers	For those who get 36 or more correct answers	For those who get 45 or more correct answers

3 rd Honors	For those who get 21 to 23 correct answers	For those who get 28 to 31 correct answers	For those who get 35 to 39 correct answers

7. The proctor tells the contestants that **only the final answers** must be written on the test paper. All solutions shall be placed on the scratch papers which should also be turned over to the proctors together with the test paper.
8. The proctor informs the contestants of the time limit for the test. He gives the signal for the contestants to begin. Then, he writes on the board "Time Started: ____" and "Time Ends: ____"
