Greetings of Peace!

I am Dr. Elisa L. Orfanel-Bongulto. I am a Doctor of Medicine who finished specialization in Pediatrics at the National Children's Hospital. Currently, I am affiliated at the National Center for Mental Health and assigned at the Medical/Surgical Infirmery at Pavilion 7.

I am presently doing a research as part of a requirement for completion for Pediatric training. This research tries to gather the **Knowledge, Attitude and Practices of High School students regarding Dengue**. This research is timely since it coincides during the heavy rains typically experienced in our tropical climate.

In this connection, I would like to ask permission from your good office to conduct a survey from the High School students at Mataas na Paarlang Neptali A. Gonzales regarding this disease entity.

Thank you very much for your consideration.

Yours Truly,

Dr. Elisa L. Orfanel-Bongulto
